

REMARKS

Pursuant to 35 U.S.C. §1.312 applicants request entry of the above amendment to the specification in order to correct a typographical error and wording error. Applicants respectfully submit that no matter is entered requiring further search or examination. The amendment corrects an obvious error wherein the specification refers to evaporation as occurring more frequently at a lower temperature rather than at a higher temperature.

If this paper is not timely filed, Applicants respectfully petition for an appropriate extension of time. The fees for such an extension or any other fees that may be due with respect to this paper may be charged to Deposit Account No. 50-2866.

Respectfully submitted,
